simply

aquanos

Showering has become an integral part of modern day life. It's environmentally preferential to bathing and convenient for everyday use, so **Aquanos** by Aqualux has been designed to rise to the challenge. Sleek semi-frameless design in an extensive range of styles and sizes is combined with 6mm toughened glass and a 10 year guarantee.

Aquanos enclosures feature detachable doors for easy cleaning and ensure a leak free, secure closing with gel magnet door seals. Pivoting doors have metal pad hinges for longer life, whilst sliding doors have a double bearing wheel roller system, providing a smoother gliding action. All doors have stylish polished silver handles and side panels give a little extra. Installation is helped with 22.5mm* of adjustability for out-of-true walls.

To ensure the perfect fit, the lightweight Tuff-Max Lite range of shower trays has been specifically designed to ensure a perfect installation.

The full range of **Aquanos** enclosures and trays are designed and tested to meet the stringent standards required of all Aqualux products and are backed by the support of a UK customer service department.

All toughened glass conforms to EN 12150-1:2000.

ISO 9001 2000 registered company.

ISO 14001 2004 registered company.

*Aquanos has a nominal 22.5mm adjustment for exact minimum and maximum adjustment figures see individual products.

double door teardrop quadrant

The aquanos range includes three options of quadrant. The two door, centre opening teardrop quadrant is perfect where door opening space is limited, as the two sliding doors pull back within the enclosure making no demands on floor space. The curved glass and semi-frameless styling, make this a design classic.

This enclosure must be fitted with the Tuff-Max Lite teardrop quadrant shower tray, see page 26 for more details.
